RE: Rhonda Skiba (Life's A Trip)
6 Mohawk Heights, RR#4
Coldwater, ON L1K 1E0

Greetings!

Words cannot begin to express how incredible it was to have Rhonda support my Grandmother at my recent wedding. My day would not have been complete had she not been able to be there, and that simply wasn't possible without the expertise of someone like Rhonda.

The support provided to my family and I was beyond my expectations throughout the entire process. Rhonda is a kind, thoughtful and genuine person who was able to connect immediately to my grandmother, (who can be somewhat *selective* with the people who she bonds with).

Rhonda was on the ball from the beginning. From meeting her before hand, and the suggestion of taking my grandmothers picture with hers so she would remember their meeting; to the feedback provided to me around a "social story" I wrote for her about the wedding (to help my grandmother remember the details of the wedding that she kept forgetting), right up until the wedding day. Rhonda provided support and compassion each and every step of the way. She was flexible, accommodating and truly understanding.

It is refreshing to see someone who is as passionate and committed to her work as Rhonda is. I would hire her again in a moment to work with my grandmother and recommend her and her services to anyone with a special loved one who needs a little extra support.

The services provide by Life's A Trip changed my wedding day and truly made a difference for both my Grandmother and I. She felt completely comfortable with Rhonda from the moment they met. Rhonda was able to quickly identify topics of common interest and use them to build a relationship. She was patient and kind to my grandmother and gave her space to do her 'thing', be her self, while ensuring her safety and security in a number of unfamiliar and potentially overwhelming environments.

I think I can speak for my entire family when I say that we are thrilled with our choice to hire Rhonda and would highly recommend her and her services to anyone.

Thank you so much and please feel free to contact me for additional information and comments.
